July/August 2022 RAC Proposals Feedback
July 12, 2022 1:48 pm

Which best describes your position regarding the recommended changes to Administrative Rule R657-28? Neither agree nor disagree

Which best describes your position regarding the proposed DWR fees? Strongly agree

Do you have any additional comments about these proposed fees? I support the division to raise the fees. I recommend the division to increase the Dedicated Hunter permit to 300\$ and only 1 Buck harvest in the 3 year program.

Which best describes your position regarding the proposed DWR fees?

Strongly disagree

Do you have any additional comments about these proposed fees?

I understand that the DWR has to pay for things as well, but that is why we pay fees on tags and applications as it is. I know the price increases isn't drastic, but how am I supposed to hunt when I'm paying \$30+ on ammo and almost \$200 on fuel? And that's not including groceries that I would be taking, nor does it incorporate the high possibility that the prices on the above mentioned will not be be higher next year if the proposed increases pass and take affect. Again, I understand where this is coming from, but hunting is expensive as is. But, how does one go about animal conservation if the people whom it relies on can't afford to do it?

Which best describes your position regarding the recommended changes to Administrative Rule R657-28? Neither agree nor disagree

Which best describes your position regarding the proposed DWR fees? Strongly disagree

Do you have any additional comments about these proposed fees? I understand the need for fee increase but ever small increase is taking Dads and family away from being able to take their kids and family's out to appreciate Utah hunting and fishing. You might think 5 dollars here and 30 dollars here is justifiable but it hurts the average joe when fishing and hunting is all that is left. Please find other means to generate the money needed and don't nickel and dime Utah residents. I Oppose Increases across the board on EVERY species. Have the Non Residents pay a larger increased fee's just like all other western states have gone to.

Which best describes your position regarding the proposed DWR fees?

Strongly disagree

Do you have any additional comments about these proposed fees?

Particularly there has not been any fishery's improvement in southeast Utah. To say there are improved opportunities for fishing is complete propaganda. The ability of the typical hunter or angler to cope with inflation has not yet improved. Maybe you need to start using more of us/ThePublic to help manage our own public resources and save more money by doing so. Those of us who spend a lot of time out and about don't think the DWR is as honest as they could be. Wildlife numbers are not what they could or should be. The DWR needs to help us/The Public better understand the job/work that you do or claims you make!

Which best describes your position regarding the proposed DWR fees?

Somewhat disagree

Do you have any additional comments about these proposed fees?

I don't mind licenses going up by 6.00 but lately it seems prices are rising while we are losing more rights like trail cameras ext.

I'm really not happy with the sheep problem archery hunters have to deal with and the sheep do extensive damage to areas turning areas into powder and pretty much mowing down whole canyons like you wouldn't believe.

When you spend all summer scouting and then that area is destroyed by sheep grazing it's kind of sad the way they are allowed to do that and it really makes you not want to give the extra 6.00 per permit.

We've dealt with the sheep problems way to much and nothing is ever done about it

Which best describes your position regarding the proposed DWR fees?

Strongly agree

Do you have any additional comments about these proposed fees?

I Support the Divisions proposed fee increases and recognize the need for additional funds to properly manage our wildlife. I believe the fees that the Division have proposed are adequate to balance their budget.

I believe that the fees for hunting and fishing licenses should be kept at the lowest level possible to fund the DWR. In the Central RAC the Chairman kept trying to propose that the fees be increased to levels well above what the Division proposed. I find that very disheartening because the fees should be kept at the level needed to fund the DWR and not anything higher.

I would not support any additional fee increase above what the Division has proposed.
